#### additional skills

Please take and blid at my miew and interactive CV: bramdejaegher.be/CV.html

Mathematical modelling Machine learning Control theory LaTeX

keywords: mathematical modelling, process control, computational fluid dynamics, machine learning, optimisation, chemistry, problem solving

### education

#### programming

Working knowledge MATLAB/Simulink Python 2/3 OpenFOAM (CFD)

> Basic knowledge HTML/CSS/JS

> > C++ R

M.Sc. summa cum laude 2014-2016

Bioscience engineering

Chemistry and bioprocess technology

2011-2014 B.Sc. cum laude

Bioscience engineering

Chemistry and food technology

2005-2011 **GCSE** in Math and Sciences

4.2/5 GPA

## experience

01/2017 - ... PhD candidate

**Ghent University** 

**Ghent University** 

**Ghent University** 

Royal Atheneum Knokke-Heist

Model-based optimisation of design and operation of bioreactors with a

focus on gas-liquid mass transfer

**BIOMATH** 

09-12/2016 Research assistant **Ghent University** 

Mathematical modelling of filtercake formation and fungal growth

**BIOMATH/KERMIT** 

08-09/2014 Research internship University of São Paulo

using atomic-force microscopy images

Computer vision techniques for polymer recognition

# projects

2016	Open Webslides Open-source platform for interactive presentation slides UGent innoversity challenge winner	Ghent University
2016	<b>Dewpal: biocatalysed atmospheric condenstation</b> iGem: International Genetically Engineered Machine Competition	MIT, Boston
